# AUDRA WRIGHTSON

With a dream in her heart and always with a smile, award-winning Interior Designer, Audra Wrightson, brings nearly two decades of experience and extensive education in her field to every design-build project. As a business owner, creative director and entrepreneur, Audra exudes positive energy and focus, which comes from what she calls an “attitude of gratitude.” This enables her to deeply understand her clients’ needs to deliver a luxurious completed project which expresses their most authentic self. For Audra, it’s all about adding personal touches and enveloping a space with things her client loves in order to create an environment that feels like home.

Specializing in whole house interiors and remodeling from design to build, no project is too large or too small. Her design style is simple, sophisticated and timeless. She enjoys delivering peace of mind to every client throughout the entire process by carefully selecting all surface materials, complete home furnishings and final details involved for a seamless result.

She has been nationally recognized by *CBS* as one of OC’s Top 5 Interior Designers, and has received two consecutive ASID Gold Awards for Excellence in Kitchen and Bathroom Design. Audra’s bathroom and outdoor kitchen designs can be seen in person at PIRCH in Costa Mesa.

Suite Dreams™, is her latest venture and “baby” so to speak, offering custom interior design for nurseries, kids and teen rooms. She believes every child should have a special space that reflects the things they love and encourages them to believe that dreams can come true.

Audra not only works with clients throughout California, but across the United States. She makes it easy to remodel your home from any location with her E-Design service packages, which are available on her website.

Audra loves giving back to the community and has participated in local charities, including Designer Runway in 2015 and this month’s Art of Design, both benefitting the Illumination Foundation. She has partnered with Home Aid of OC to remodel several shelters for the homeless. And in 2014 her Outdoor Rooftop design at the Philharmonic House of Design was selected for the cover of the *OC Register*.
